EDUCATION

Don Bosco College(Co-Ed), Yelagiri

Bachelor of Science in Computer Science (GPA: 8.4 / 10.0)

Graduated: April 2025

Sacred Hearts College(Co-Ed), Tirupathur

Master of Science in Computer Application

Expected: April 2027

Relevant Coursework: Data Structures and Algorithms (Python), Web Development (Django, React), Database Management Systems, Cloud Computing, Operating Systems

EXPERIENCE

Self Projects & Practical Experience

Since: July 2022 – Present

- Developed full-stack web applications using Django and React, implementing REST APIs and real-time features
- Built and integrated APIs for multiple projects, improving application scalability and performance
- Worked with MySQL and MongoDB for efficient data storage and retrieval
- Gained hands-on experience with Git, debugging, and deployment practices

PROJECTS

Django Chat Application

Technologies: Django, React, Sendbird API, WebSockets

- Developed a real-time chat application with authentication and messaging features
- Integrated Sendbird API for scalable chat functionality
- Implemented responsive UI using React for better user experience

ToDo List Web Application

Technologies: Django, HTML, CSS, SQLite

- Built a task management system with CRUD operations
- Designed user-friendly interface for efficient task tracking
- Implemented backend logic using Django framework

Telegram Bot – TeddySafe

Technologies: Python, Telegram Bot API

- Created a bot to securely store and manage photos and videos
- Implemented automation features for user interaction and storage handling

Store Management Android Application (Ongoing)

Technologies: Java, Android Studio, Firebase/Backend APIs

- Designing a full-featured application with admin, customer, and delivery modules
- Implementing real-time notifications, payment integration, and analytics dashboard
- Working on authentication and user role management

Portfolio Website : (<https://portfolio-two-rouge-34.vercel.app/>)

Technologies: React.js

- Built a personal portfolio with sections for projects, skills, and resume
- Implemented dark mode and responsive UI components

TECHNICAL SKILLS

Programming Languages: Python, Java, JavaScript, C++

Frameworks and Tools: Django, React.js, Android Studio, Git, MySQL, MongoDB

Concepts: REST APIs, Web Development, Database Management, Agile Basics, API Integration
